Hi, folks.

We are specifically asked for input on slide 22, which is completely blank except for the heading of 'State Assumption of CWA 404 Program'. I have not done a new AA presentation before, so am not sure what level of detail is expected here. Is it just 'what is it?' status? I know we have a specific briefing coming up on this, so based on that and my review of the other slides I'm guessing we just need something basic, but relying on those of you who have done new AA Office overview briefings to weigh in. Suggestions?

Thanks,  
Cathy

Folks,

Attached please find a draft of the OWOW Program Briefing (scheduled for Friday). I apologize for the late delivery but it should look very similar to the presentation that John gave to Lee.

Please send me any comments and suggestions by 10AM tomorrow as we need to send the presentation to OW by 3PM tomorrow. COB today will get you extra brownie points! Hard copy edits are great.

A few things to note:

1. John will be giving the entire presentation; however, he may look to folks around the room to answer specific questions.
2. Please consider adding any new language and/or talking points to the notes section rather than adding more language to the slides.
3. Please look at OWOW mission slide for alignment with the recent summary 2-pg workplan. (I have not had an opportunity to cross-check)
4. PCRMS – John would like some detailed talking points for Slide 6
5. OWCD – Need your input on Slide 22

Please let me know if you have any questions!

Thanks!  
Katherine
